MISSION: Voices of Winged Warriors (VoWW) unites the advocacy of caregivers and allies who have lost loved ones to sickle cell disease.

A Note From Founder & CEO, Stefanie Worth

VOWW celebrated its first anniversary in 2025! Following a starter year of building infrastructure and operations, we dived into strategic planning and tightened our focus on programming and impact. We secured our first major funding partners, launched our peer-to-peer grief support series and our first Warrior Wellness Encounter, and spread our healing and ER messages to groups and individuals around the country. Meanwhile, operationally, we elevated our Candid Seal of Transparency to Gold. We look forward to 2026.

Strategic Goals

- Establish financial sustainability through strategic fund development
- Grow services and reach through collaboration and aligned partnerships
- Build flexible, scalable infrastructure through high-performing systems and standardized procedures.
